CHICAGO, ILLINOIS

*Standard Guarantee*  
OF  
AMERICAN SHORTHORN BREEDERS  
ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calves Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

# Information for the Buyer

**LOCATION:** International Sale Pavilion, Stock Yards, Chicago.

**MAIL BIDS:** Those unable to be present who desire to take advantage of the buying opportunities in this sale may rest assured that mail or wire bids will be honestly and faithfully executed. Any of the following competent men will be happy to handle buying orders for you. They may be contacted at the addresses listed, or they can be reached in Omaha in care of the Fontelle Hotel.

Representing THE SHORTHORN WORLD, 16 South Locust St., Aurora, Ill.

Hal Longley Merv. Aegerter Don Longley Ned Place

**SHIPPING ARRANGEMENTS:** It is the obligation of the consignors and this Association to see that all cattle are properly loaded on cars or trucks as directed by the buyers for immediate shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals arrive in sound and healthy condition.

**BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS WITH THE SALE CLERK.**

**LIABILITY:** Although every possible precaution will be exercised to protect the safety and comfort of guests of the show and sale, neither this Association, nor its representatives, nor the auctioneers or clerks, can assume any liability for accidents.

**TERMS:** The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.

**INSURANCE:** Coverage may be secured effective at the time of sale.

**GUARANTEE:** All animals sold in this sale will be backed by the Standard Guarantee endorsed by the American Shorthorn Breeders' Association, which is printed in this catalog.

**AUCTIONEERS:** J. E. Halsey, Des Moines, Iowa.  
C. D. Swaffer, Tulsa, Oklahoma.

Allan C. Atlason, Secretary.

AVONDALE BARONET 4TH - Is a solid, dark red son of Lynnwood Baronet whose first calves averaged over \$900 this year in Illinois Polled sales. This rugged fellow is one of his best, and has plenty of depth, thickness, and quality, along with short, sturdy legs. His dam is the great old breeding cow, Maxwalton Gloster 85th - the foundation matron for the "Glosters" in our herd. Photo taken at eight months of age, but he is equally impressive today in his yearling form.

MONDAY AFTERNOON 1:00 P.M. DEC. 1ST.

# 1951 International Grand Champion Bull

Hilldale Collynie 60th - by Alauna Collynie (Champion and high-selling bull of the 1946 Polled Congress and sire of the 1948 International Grand Champion female) was bred and exhibited by J. W. Bennett & Sons, Oakville, Wash. to the Supreme Championship of the 1951 International Live Stock Show. This red, deep, thick, low-set, straight-lined, good-headed herd sire prospect was winner of the senior bull class - one of the strongest in the 1951 International Show.

Buyers looking for the ideal beef type animal, 100 percent modern, 100 percent able to give full and quick return on cattle investment, cannot afford to overlook the Polled Shorthorns offered in this sale.

Red, calved June 1, 1951. Bred and owned by J. W. Bennett, Winona, Washington.

Rockdale Daisy 2d x1882414  
Red, Howard Maurer

**HILLDALE COLLYNIE 53D** - Here is the herd bull prospect of the year. He is dark red, thick, short-legged, with a clean polled head. His dam's sire was a 100% dehorner, and she is deeply bred in polled. If you want a top red bull that is just about sure to be a 100% dehorner look this one over carefully.

**OAKWOOD HEADLINE** - Is a rich, dark red with bone, substance, thickness and the head of a breeding bull. A full-brother topped the bulls in our 1951 Sale to South & Gallaher, Franklin, Ohio. A full-sister, equally outstanding, was purchased by W. Lyons Brown for his Ashbourne herd, Prospect, Ky. in our 1950 Sale. Coldoch Union Jack was a Perth Supreme Champion. Ceremonious Referee was a son of Lee Dale Collynie, International Grand Champion and both Oakwood Merry King and Oakwood Emperor were International Grand Champions and sons of the 1930 International Champion. The promise of Oakwood Headline is certainly warranted by such proven inheritance.

	Barbara's Beauty x2122083 White, Leemon Stock Farm	Lee Dale Collynie x1840304 Roan, Clara Willhoite & Sons Ceremonious Beauty H. x1838023 Roan, Leemon Stock Farm

**CEREMONIOUS AVON** - Is a short-legged, very smooth, very deep dark red bull that we have used on a few of our cows and heifers.

# Observation...

The following is a quotation from a recent editorial in a leading daily livestock publication, that provides some interesting observations:

"A man whose business is the health and welfare of livestock remarked, after a Monday morning stroll down the alleys for a look at the thousands of cattle in the run, "I hardly saw a horn. That's progress!"

It hadn't occurred to us to inspect the cattle supply in this light, but he's right. Next time you're in the yards, take a look for yourself. Horns seem to be the exception any more, and usually the rare exception.

Cows are the chief horn bearers these days. Probably that is true because the herd owner is not immediately concerned with selling cows, as he is with steers or heifers, and is therefore not inclined to go to the extra effort to remove their horns. Maybe some farmers and ranchers still regard horns as useful for protection purposes on the cow. And, in rough country, there could be something to that.

But it is easy to note that the bulk of the "income cattle" go to market or to feedlot without horns now. And that fact represents a considerable triumph for the loss-conscious people who have been trying to educate against horn damage for years.

# *There's Dependability in Polled Shorthorns...*

MASTER STAMP

BONNIE BUTTERFLY

HILLDALE COLLYNIE 60TH

NONPAREIL CORONITA 12TH

CHERRY HILL SPICY

Polled Shorthorns have consistently gained in world favor because they possess the characteristics of adaptability and efficiency. Coupled with ideal type they have all the advantages of other breeds and none of the disadvantages. They can give you all the superior money-making qualities of natural greater weight and early maturity of the Shorthorn, plus the money and time-saving attributes of the naturally hornless head. They can turn grass and roughage into cash income faster than any beef breed, and are easier to handle because of their quiet, easy-feeding dispositions.

The blood-lines of the International Grand Champion Bulls and Females shown here have supplied some of the master strokes in building the increasing present day popularity of Polled Shorthorns. Included in this offering are sons and daughters . . . sisters and brothers . . . of the animals pictured here . . . all possessing the quality and type much sought for in modern Polled Shorthorns. Their excellent type tells you instantly something of the far-sighted vision which has gone into making this the greatest assemblage of any consignment sale of Polled Shorthorns ever held in America.

CHICAGO, ILLINOIS

# INTERNATIONAL SALE

## A Study in Type

These Polled Shorthorn females present a study in breed type which may well guide those who are building herd foundations. They show a striking balance of superior depth, width, thickness, constitution, carcass pattern, strong bone, quality and feminine character. The heifers represent second and fourth generation breeding by one of America's internationally known Polled Shorthorn breed builders and improvers.

This illustration, carefully studied, can supply the less experienced with some basis upon which to fix their ideals and by which to interpret showring and sale happenings.

ORANGE BLOSSOM LADY 2D - Is by the imported bull that is producing so many low-down, thick animals. BRED MAY 12, 1952 TO BEAUFORT BAYARDO 2632440, a very good son of Beauford Bolido. Through this cross the best of imported breeding is represented.

CHICAGO, ILLINOIS

# 1951 International Grand Champion Female

Bonny Butterfly 4th, sired by Collynie Command, was Grand Champion Polled Shorthorn female of the 1951 International Live Stock Show. She was bred by Mary E. Forney, Oxford, Nebraska and owned and exhibited by C. B. Teegardin & Sons, Ashville, Ohio.

This heifer, the senior yearling class winner, was a roan, deep, thick, low-set type and nicely balanced.

It is always a rare opportunity, but the ultimate aim of every leading breeder to add the blood of an International Grand Champion to his herd. You will have the very rare opportunity in this International Sale to add Championship breeding to your herd.

CHICAGO, ILLINOIS

# POLLED SHORTHORNS

## World Wide Demand

Alcove Perfection 19th, sired by Cedar Hills Revelation, bred by G. W. Symonds, Alcove Farms, Victoria, Illinois, sold for \$2000. in the 1951 International Sale for export to Australia.

No other breed has enjoyed greater popularity among stockmen in foreign countries as evidenced by export trace than Polled Shorthorns. Improved trade conditions in the world will mean an ever-widening market for the breeder of Polled Shorthorns.

It's smart to breed Polled Shorthorns . . . . the ultimate type, truly the international breed of the future!

MONDAY AFTERNOON 1:00 P.M. DEC. 1ST.

1952 POLLED SHORTHORN

# Polled Shorthorns

Polled Shorthorns are a sound economic and financial investment. The dollar may change in value, but an efficient working herd of registered Polled Shorthorns is the greatest possible assurance for future economic security.

Polled Shorthorns have more to offer cattlemen than any of the other naturally hornless breeds . . . all the advantages of greater weight for age, increased milk capacity, early maturity and grading-up ability of the Shorthorn, plus the greater efficiency per animal unit where dehorning is unnecessary.

LADY CORONITA 10TH - Is a double granddaughter of the International Grand Champion, Killearn Max Juggler. Her mother was show cow, winning first in class in Illinois, Missouri, etc. Her sire was Grand Champion at the 1952 Illinois and Missouri State Fairs. She is a member of our undefeated Junior Get of Sire Sells open. Vaccinated for Bangs.

1952 POLLED SHORTHORN

# The Trend is to Polled Shorthorns..

Naturally hornless POLLED SHORTHORNS are popular everywhere, but especially so in the South where beef cattle production is growing at a staggering pace. There, the Polled Shorthorn bull is the overwhelming favorite to pass along the better-doing traits of the Shorthorn to calf crops . . . at the same time eliminating the costly and troublesome dehorning of calves.

Southern cattlemen like Polled Shorthorns, not only for their greater efficiency, but for their good beef type. A rising market is in prospect for the breeder of Polled Shorthorns. Get ready for this prosperous future by buying the right kind of cattle at the right time.

The time is now - at this great proven International Sale!

HILLCDALE AUGUSTA MAID - Is a sweet-headed, thick, short-legged heifer won her class at the 1952 Pacific International and was Reserve Junior Champion in horned and polled competition. She was in the first prize Pair of Females, first Pair of Calves and first place Junior Get.

CHICAGO, ILLINOIS

# Uniformity of Type

The uniformity and excellence in type and quality as shown in this picture give convincing evidence of the constructive nature of operations on American farms where breeding herds of Polled Shorthorns are maintained.

Master breeders with sound knowledge, patience and foresight have accomplished much in the production of more and better Polled Shorthorns, and these proven blood-lines are available to you in the animals consigned to this sale.
